

Suntem liderul pieței de fier din România. Nu o spunem cu mândrie, ci cu greutatea responsabilității, pentru că numărul 1 are pe umeri nu doar respectarea standardelor impuse deja, ci și setarea unora noi, tot mai înalte. Am demonstrat încă de la înființare, din 2007, că avem tot ce ne trebuie pentru a merita acest loc. Am respectat piața oferind clienților calitate și diversitate și în același timp am respectat și partenerii oferindu-le stabilitate și siguranță.

Totul a început la Suceava, cu o echipă mică de oameni inimoși și harnici datorită cărora am ajuns în topurile industriei și preferințelor clienților. Astăzi avem acoperire națională și peste 400 de angajați. Ne-am călit și suntem pregătiți să mergem și mai departe.

Lucrând fierul, am învățat ce înseamnă să fii maleabil chiar dacă totul în jur spune că trebuie să fii dur. Întindem meșteșugul nostru oricât de mult se cere pentru a răspunde nevoilor partenerilor sau clienților noștri. Ne aprovizionăm constant pentru a fi pregătiți în fața oricărei provocări, ne sfătuim cu distribuitorii și cu meșterii pentru a crește împreună implicându-ne activ în proiecte, considerându-le provocări proprii.

The background of the image is a detailed wrought iron design. It features a central vertical element with a twisted rope-like texture, flanked by symmetrical scrollwork and floral motifs. Several rose buds are integrated into the design, some appearing to be part of the ironwork and others as small, dark, realistic-looking objects. The overall color palette is dark, with deep blues and blacks, accented by the reddish-brown tones of the ironwork.
